Chapter 1 by PenguinWriter

I jump on my bike and head to the new house across the road. I knock on the door and wait. A man shouts "Its unlocked". I open the door and see the door from the tardis.

Chapter 2 by Catherine Grace (doctor who addict)

I stumble backwards. How? How can this be? It's too good to be true.

I had just been curious about that house. It seemed... odd. I had wondered who had lived there and rode over to see.

And now here it was. The TARDIS. The blue box from my dreams. Also from that TV show that I loved so much. Everyone always told me it was fiction, but I never believed a word, and had always hoped.

I stumbled so far backwards I fell down the steps, landing with a crash on my butt.

Chapter 3 by Ember Cin Silver

The man from my dreams then came to see me and said, "Ello I'm The Doctor and The Doctor is me" I was lost at how his blue eyes twinkled at me. I longed for me to have that twinkle in my eyes, but I knew I must have gone through a lot.
